AUDITOR'S OFFICE IS NOW OPEN

Senate Acts on Committee's Plan.

(From Monday's daily.)

With all the doubt and difficulty smoothed from about the Auditor's Office, it is said the first days of the week will be given by the Senate to completely clearing up the tangles at the executive building, so that there may be by the end of the week the appointments and then adjournment.

The committee which has been investigating the Department of Public Works has almost finished its report and it is unofficially talked about, the consensus being that the report which made will be so written that it will be signed by every member of the committee. The committee has been most thorough in its investigations, and the leaders of the party, including Prince Kuhio, have kept in touch with the progress of the work, and in consequence it is expected that there will be no objection to its immediate passage.

There was some doubt expressed last evening that the report could be presented this morning, but there will certainly be little time lost in getting the matter before the Senate. The other important reports are in an advanced state of preparation, and the first half of the week should witness action on each of them and consideration of appointments is expected to follow very quickly.

When the Senate met on Saturday there was a full attendance of the members now in the city. The business began at once with the submission of the report upon the members of the Tax Appeal Boards appointed by the Governor and submitted to the Senate for confirmation. Senator Achi presented the report, which provided for the confirmation in each case except that of R. H. Atkins of Kohala. It was said in the report that Kau should have one member of the board, while one Kohala had two. The report was adopted and the Governor was notified, the reasons for the refusal to confirm being given in the notification.

Senator Dickey reported in favor of the confirmation of the three Prison Inspectors named and the report was adopted, as was that of Senator Wilcox approving of the appointments of two members of the Board of Education. When this formal business had been done, on motion of Senator Dickey a committee consisting of Senators Dickey, Isenberg and Woods was named to consider the appointments on Boards of Election and Park Commissioners as there is no committee to which those names could be properly referred.

Senator Isenberg rose and read the following report of the committee appointed to investigate the Auditor's Office:

Honolulu, Nov. 29, 1902.
To the President and Members of the Senate.

Your committee to investigate the Auditor's Department, to whom was referred the message of the Governor in regard to the Auditor, Mr. H. C. Austin, beg leave to make the following report:

After careful consideration we find that Mr. H. C. Austin, in the latter part of August or the beginning of September of the present year, attempted to borrow money from Mr. C. F. Chillingworth, Deputy High Sheriff of the Territory. Mr. Chillingworth, on being questioned by the committee, stated that Mr. Austin asked him if he had not any money at all in the drawer. To which Mr. Chillingworth answered, "No; I haven't got anything in the drawer at all." When Mr. Chillingworth was questioned what the "drawer" meant, he stated that he took it for granted that Mr. Austin meant the government funds, because there could have been no other funds but the government funds in said drawer.

This evidence can be found on pages 32 to 36 of the report hereto attached. The third charge in the message from the Governor accuses Mr. H. C. Austin of having passed a check of upwards of \$1,700, drawn by Mr. Austin in favor of Henry C. Hapai, Registrar of Public Accounts of the Territory of Hawaii, said check being drawn on the First Bank of Hilo. We find that Mr. Austin had no funds at said bank when Mr. Hapai drew the check, the Bank of Hilo, presented the check to the First Bank of Hilo for collection. Mr. Hapai did not endorse the check, as he was afraid that as soon as he did so he would be made responsible for the amount. He, therefore, deposited the check, and endorsed on the back of it, "For collection only," and the Bank of Hilo then sent the check to Hilo for collection, and it was returned, having been dishonored in Hilo.

The fourth charge was that Mr. Austin procured from Mr. William Vanatta, a public accountant residing in Hilo, the sum of \$255. Mr. Austin gave his check upon a bank in the city of Honolulu to said William Vanatta for said amount, well knowing at the time that he had no funds in said bank to cover the payment of same. And when William Vanatta, as Public Accountant, made his regular returns to the Treasury Department they included said check for \$255. We find from the testimony of Mr. Hapai, Registrar of Public Accounts, that he received the said check and took it to Bishop & Co. for collection, and on the face of it was written, "No funds."

This testimony can be found in the report attached, from pages 37 to 41. There are also two letters, dated August 1902 and August 1902, respectively, pertaining to the fourth charge, which are as follows:

William Vanatta, Esq., Superintendent of Hilo Water Works.
"Dear Sir: I herewith return draft of the amount of \$255, which you have enclosed in your letter to H. C. Austin for \$255, but the check written on the face 'No funds' is not cashed. You will find enclosed receipt for \$255 in the name of your contribution of \$255."
Very respectfully,
HENRY C. HAPAI

Hilo, Hawaii, Aug. 15, 1902.
"Mr. Henry C. Hapai, Registrar of Public Accounts."

"Dear Sir:—Your communication of the 12th inst. is at hand, wherein you inform me that the draft drawn on Bishop & Co. by H. C. Austin, in favor of myself, had not been paid for lack of funds in bank. I would say in reply that I have received a letter from him dated August 12th wherein he states that he would deposit the amount with you on the following day. Trusting he has done so, I will await your reply, respectfully yours,"

"WM. VANATTA,
"Superintendent of Water Works."

On further questioning Mr. Hapai we found that on August 18th Mr. Austin paid said check of \$255. The check was presented on August 18th.

We further found, on questioning Mr. Hapai, that Mr. Austin had given other checks to people which were returned to the Government, as remittances, but were refused, as there were no funds to meet such checks in the bank. On reviewing the foregoing testimony, we, your committee, believe that the acts of the Auditor are improper for a Government official of high standing in this community, and do condemn such acts.

We further disapprove of the Auditor, Mr. H. C. Austin, borrowing money from Mr. B. H. Wright, which Mr. Austin acknowledges he did several times.

We further find that said H. C. Austin has, to a great extent, neglected to audit the accounts of the different departments, as he was by law required to do.

We find in our examination that Mr. Austin has never counted the cash in the Treasury. We believe the first duty of an Auditor is to call for the cash balance and verify it, as we consider it one of the most important things to find out your cash balance, then count your cash and audit the books to see if everything is correct.

In the Auditor's own statements, he says he did not think it was the duty of the Auditor to count the cash in the Treasury Department unless requested to do so by the Treasurer.

From his own statement we also find that he has never audited any of the Government departments on the Island of Kauai, and that Maui and Hawaii have only been visited once by him. We think that the different departments on these Islands should be audited at least every four months, and, from information which we have received from the deputy auditor, as well as from the bookkeeper, it is as well as done, without any additional expense to the Government. It only took Mr. King, who went to Kauai, nine days to audit all the books of the various departments, going as far back as one year.

Your committee has also been very much surprised to find out that the Department of Public Works was not audited during the months from February to September. The deputy auditor, who had audited these books every three months before February, informed your committee, when he was asked why he had not been in this department between the months of February and September, that the Auditor was away from the office so much he could not find time to go down and audit the books of said department.

We are of the opinion that the grave defalcation which has occurred in the Department of Public Works was largely due to the neglect of the Auditor in not being at his office, so as to allow the deputy auditor time to audit the accounts of the Department of Public Works.

We further find that the Public Lands Department's books have not been audited since the 31st of December, 1901; and then said auditing was practically of no value, because of failure to check up the Government leases from which revenues were received. And since December 31, 1901, there has been no auditing whatever in said Public Lands Department.

We severely criticize this work, as thousands of dollars pass through the Public Lands Department, a careful record of which should be kept, and the books of said department should be audited at least every thirty days.

We further find in our investigation that the Judiciary Department and the Department of Public Instruction have never been audited.

We severely criticize the neglect of the Auditor, in not having both of these Departments thoroughly audited and would recommend that hereafter these Departments be audited at least every four months.

In conclusion, your committee endorse the action of the Governor of the Territory of Hawaii in suspending Mr. H. C. Austin from office of Auditor, and respectfully recommend and advise the Governor to remove the said H. C. Austin from the office of Auditor of the Territory of Hawaii.

Respectfully submitted,
D. PAUL R. ISENBERG,
Chairman.

L. L. McANDERLESS.
When the translation of the report had concluded Senator Kalanokalani rose to ask that there be no consideration of the report until he had filed a minority report, and moved to lay on the table. He said he had not had time to consider the evidence, and it would take him until Monday to do this. Senator Isenberg explained that Senator Kalanokalani supposedly had the evidence before the other members of the committee, as the stenographer said he had said that he had sent some pages of the transcription to the minority member before the others got it. He told how Kalanokalani had been instructed to notify his father of the early morning meeting of the committee, and that he (Isenberg) would put the back question. Senator Baldwin laid stress upon the

necessity for prompt action and said he would act as he thought his duty, despite the fact that his inclination was to pass the matter by and not take it up. He said that the reports indicated that Judge Igar intended to resign the executive offices of the Territory before him for refusal to comply with his orders, and under the circumstances the time had come for speedy action on the part of the Senate, which would settle the questions at once if they only would.

Senator Kalanokalani wanted to know if it was the intention of the majority to use its power to suppress the minority, saying that the responsibility was upon them. Other discussion was cut off by the point of order against debate or an amendment to proceed with the report, and the motion of Kalanokalani to lay on the table was lost on a vote of 7 to 6, the lines being straight party vote. The motion then recurring on the adoption of the report, as moved by Senator Isenberg, the report was adopted by 8 to 6, the lines being those of the parties.

The Governor was ordered notified of all the acts of the Senate, and adjournment was taken until this morning at 10 o'clock.

GEAR WANTS TO BE THE TREASURER

A. V. Gear wants to be Treasurer of the Territory of Hawaii. The formal application of the former leader of the Fourth precinct is in the hands of the executive and, with the many others who have suggested their fitness for place, this candidate will receive due consideration.

The application went direct to Governor Dole, without any notification to the Republican central committee, or request to the body for endorsement. In fact, the men who managed the last campaign first heard of the ambition of the former leader when the Governor submitted to them for their consideration the entire list of applicants for the various offices in the executive branch.

There was a feeling at once that the action of the former politician was quite in contradiction to his former attitude when in power. Then he insisted strenuously that the committee should have the consideration of all the applications, and that the Governor should be heartily and freely condemned for not taking the men chosen for him by the governing body.

The fact that Mr. Gear has not taken any hand in the past campaign, coupled with his earnest and sacrificing support of the Governor at all times and under all conditions, is taken as the reason for presenting his application direct, and attempting to thrust his fight for the place upon the Executive instead of upon the applicant.

There is some talk of the central committee appointing a sub-body to investigate thoroughly the applicant, with particular reference to the brand of nerve food used, or the method of preparing his meal. The committee has not yet taken a vote upon the matter of the endorsement of Gear for the Treasurership.

SEA SERPENTS.

Two Genuine Specimens Captured by Japanese Fishermen.

Two sea serpents, a male and a female, one 48 feet long and the other measuring 39 feet, were killed recently by fishermen off the Japanese coast, according to information brought to this country by the steamship Empress of India. The bodies were sent to Osaka, where they arrived on August 26, and were placed on exhibition. In the carcass of one of the serpents were found the remains of a human being. The fishermen had a long, desperate fight with the serpents, and several nearly lost their lives, but finally dragged them to the shore in their nets, in which they had become entangled. They belched with rage, and finally were killed by many rifle shots. The showman who bought the carcasses purposes to take them to Tokyo for the inspection of the Emperor, who had expressed a desire to see them. On the head of each serpent were 44 fangs, the longest of which was seven inches. They also had ears about two feet long and a horn on the forehead.—New York Times.

NO BARMAIDS

Will Be Allowed in Jersey, If This Decision Stands.

TRENTON, N. J., November 10.—Justice Collins, of the Supreme Court, rendered a decision today against the employment of barmaids in New Jersey. The opinion was handed down in the case of the City of Hoboken vs. Alfred G. Greiner, a saloon proprietor.

The Justice says: "It is a fair police regulation to prohibit any keeper of a house of public entertainment where intoxicating drinks are sold from permitting the assembling of females there for the purpose of enticing customers."

The saloon keepers in Hoboken have been fighting the city authorities on the barmaid question for more than a year.

WHAT IS A COUGH?

A spasmodic effort to expel the mucus from the bronchial tubes. A cold causes a more abundant secretion of mucus, and when the lungs and bronchial tubes are inflamed, they are extremely sensitive to the irritation. Unless care is taken, the cold may result in pneumonia, which is swift and deadly. If the cold is a lingering one, the more leisurely but equally fatal consumption may set in. Do not neglect a cold or cough. Take Chamberlain's Cough Remedy. It always cures and cures quickly. All druggists and druggists sell it. H. H. Smith & Co., Ltd., agents for Hawaii.

BUDDHISTS ARE ACTIVE

Take Church From Christians on Maui.

MAUI, Nov. 28.—Christianity among the Japanese of Maui is having a setback and Buddhism is becoming aggressive. At Hamakua some six weeks or more ago, a new Japanese church and school were dedicated under Christian auspices; though at the dedicatory exercises of the school the Wailuku Buddhist priest was present. Now in spite of the fact that a Japanese Christian minister has been holding regular services in the church, the Buddhists have, so it is stated, laid claim to both church and school and successfully maintained it.

It is also reported that the Hamakua Japanese minister will immediately proceed to build another church. At Wailuku since the completion of the Buddhist temple, the large and hitherto thriving Sabbath school under the charge of a Christian Japanese minister has been well-nigh broken up, nearly all the Japanese children going to the Buddhist Sunday school at the temple. Now it is stated that the Buddhists of Wailuku will soon open a kindergarten in opposition to the one at Alexander House.

The Japanese Buddhists are fighting the Christians with their own weapons. Their ability to imitate is more to be feared than their inventive powers, their patriotism more than their religion's belief which is cold, lifeless and unattractive at least to ignorant minds.

NEW COURT TERM OPENS.

The December term of the Second Circuit will begin on Wednesday, Dec. 24, at Lahaina Court House, Hon. J. W. Kahua presiding. A calendar of seventy cases will be presented, though it is probable that the twelve "fishery" suits will not come to trial owing to the recent adverse decision of the Supreme Court.

The only murder case is that of Fugita Kiehitara, who in the lower court confessed to the killing of a Japanese woman at Kihel.

In most of the criminal cases to be heard Porto Ricans are concerned. Quite a number of attorneys are expected from Honolulu as there are several important matters to be determined by Judge and Jury.

It is thought that the term will not continue longer than ten days.

TEACHERS MEET.

Monday afternoon, the 24th, the regular monthly meeting of the Makawao Teachers' Association took place at the Makawao school house, fourteen being present.

The following was the program of the day:

1. "How English Should be Taught in the Primary Department," by Miss Eva Smith.

2. "Life of Bulwer Lytton and Introduction to 'Last Days of Pompeii,'" by F. W. Hardy.

3. "How to Teach Pupils to Write Well," by Antone de Souza.

STRAY NOTES.

On Maui there was generally pleasant weather during "Thanksgiving." The day was celebrated by quiet family dinners here and there over the island. There were no sports, inasmuch as the Makawao polo players were in Honolulu and the enthusiasm over football in Wailuku is at present most quiet.

Last Saturday, the 22nd, East Maui had a very heavy rain—five or six inches. Both crossings at Alelele (Makawao) at Kaluanui and Kokomo were impassable.

At Maliko, in Haiku, the current was running so swiftly and so high that only horseback riders could pass over, a most unusual occurrence. Mrs. C. H. Dickey and Miss Belle Dickey, who were bound for Honolulu from Haiku, were obliged to leave their carriage, cross the stream on horseback, and enter a "hack," specially engaged, on the other shore, and so were able to reach Paia railroad station.

The Kentucky Minstrels will give an entertainment this evening at the K. P. Hall in Wailuku. Tomorrow afternoon at Wells' Park, Wailuku, the minstrels will attempt to beat the "Morning Stars" at baseball. Maui has a surfeit of negro minstrelsy at present. The Orpheum Co. gave a show in the Wailuku Pythian Hall last Saturday night, the 22nd, and then went on to Hawaii intending to return to Wailuku in time to play in the Pythian Hall tonight. They arrived this morning only to find that their rivals, the Kentucky "constellation," had outwitted them and had possession of the hall. The Orpheum minstrels departed for Lahaina and will exhibit there.

Some Hawaiians and Japanese of Kula and Makawao celebrated the 28th—Hawaiian Independence Day—with horse races. These scrub contests were run on a level tract just below F. G. Correa's house in Kula.

The young ladies of Paia and vicinity are talking of organizing a basket ball club.

Weather: Showery and threatening. Kamaeinas all prophesy a heavy Kona storm soon.

FROM THE MAUI PAPER.

C., a geologist connected with the United States Geological and Topographical Survey department, has spent the past several months on the islands, for the purpose of making a preliminary report to Chas. Work of Hilo Tug.

The tug Charles Councilman is doing some good work at Hilo and has recently had some heavy duties to perform. She towed the schooner Serena Thayer from Hilo to Punaluu through rough seas and against a head wind. On the home run the tug was towing a large Whitehall boat. This got adrift during the night and the tug had to search for it. The searchlight was used and when the boat was located a Japanese at the risk of his life, jumped into it from the tug and succeeded in getting a new line attached. The remainder of the trip was uneventful.
